---

## Open Source Projects

### Bachelor of Science, Computer Science & Engineering

University of Toledo, ABET Accredited

- Summa Cum Laude
- 3.97 GPA

Class of 2021  
Toledo, OH, USA

---

## Career

### Software Engineer I

NASA/ToSC, Command & Control

Feb 2022 – Nov Present

Kennedy Space Center, FL, USA

- Software engineering of simulation software for Exploration Ground Systems for Artemis II, Artemis III
- Developed and verified software conforming to NASA Class C Software requirements
- Developed and debugged networked software communicating with PLC runtimes using the Common Industrial Protocol (CIP)
- Reverse-engineered legacy Rockwell PLC functions and designed their re-implementation and integration into a custom PLC emulator
- Created design presentations to coordinate strategy between workgroups to emulate various PLC functionality in emulation

### Software Engineer I

AFIT, Center for Space Research & Assurance

Jun 2020 – Feb 2022

Wright-Patterson AFB, OH, USA

- Contributed to the first open-source spacecraft flight software framework written in Rust
- Developed CubeSat flight software in C with NASA's cFS framework and also in Rust with KubOS
- Developed CubeSat ground control software which interfaces with databases and TCP/UDP hardware interfaces in Python
- Automated generation of template files ingested by flight software and ground software to accelerate CubeSat mission development

### Software Engineering Co-op

NASA IV&V

Jan 2019 – Aug 2019

Fairmont, WV, USA

- Contributed to NASA's open-source flight software simulator (NOS3) with upgraded packages and documentation
- Developed Rust bindings to C++ based hardware abstractions layers for NOS3 simulator
- Modeled CubeSat OEM hardware components into C++ emulators running in NOS3

---

## Competencies

- 🔗 **Primary Languages:** Rust, C/C++, Python
- 🔗 **Other Languages:** Java, TypeScript, GraphQL, IEC 61131-3 Structured Text, Ladder Logic
- 🔗 **CI/CD:** GitLab CI configurations (YAML)
- 🔗 **Content Management:** Git, GitHub, GitLab
- 🔗 **Software:** Docker, Confluence/Jira, VersionOne, Visual Studio, VSCode

---

## Education

### Bachelor of Science, Computer Science & Engineering

University of Toledo, ABET Accredited

- Summa Cum Laude
- 3.97 GPA

Class of 2021  
Toledo, OH, USA
