Sebastian J. Hamel He/Him

Simbleau | **I** simbleau | **J** +1 (330) 280−1852

Education

Master of Science, Computer Science

Appalachian State University, ABET Accredited

· Concentration in Systems

Summa Cum Laude Honors

Bachelor of Science, Computer Science

Western Carolina University, ABET Accredited

· Minor in Mathematics

National Honor Laureate

Aug 2020 - May 2022

Boone, NC, USA

Aug 2015 - May 2019 Cullowhee, NC, USA

Career

Software Engineer I

NASA/ToSC, Command & Control

Feb 2022 - Nov Present

Kennedy Space Center, FL, USA

- Software engineering of simulation software for Exploration Ground Systems for Artemis II, Artemis III
- Developed and verified software conforming to NASA Class C Software requirements
- Developed and debugged networked software communicating with PLC runtimes using the Common Industrial Protocol (CIP)
- Reverse-engineered legacy Rockwell PLC functions and designed their re-implementation and integration into a custom PLC emulator
- Created design presentations to coordinate strategy between workgroups to emulate various PLC functionality in emulation

Software Engineer I

Jun 2020 – Feb 2022

AFIT, Center for Space Research & Assurance

Wright-Patterson AFB, OH, USA

- Contributed to the first open-source spacecraft flight software framework written in Rust
- Developed CubeSat flight software in C with NASA's cFS framework and also in Rust with KubOS
- Developed CubeSat ground control software which interfaces with databases and TCP/UDP hardware interfaces in Python
- Automated generation of template files ingested by flight software and ground software to accelerate CubeSat mission development

Software Engineering Co-op

Jan 2019 - Aug 2019

NASA IV&V

Fairmont, WV, USA

- Contributed to NASA's open-source flight software simulator (NOS3) with upgraded packages and documentation
- Developed Rust bindings to C++ based hardware abstractions layers for NOS3 simulator
- Modeled CubeSat OEM hardware components into C++ emulators running in NOS3

Competencies

Primary Languages: Rust, Python, TypeScript, Java

△□ Human Languages: English ★★★★, Danish ★☆☆☆

☆ Content Management: Git, GitHub, GitLab, Artifactory, DockerHub, AWX

🖐 Systems Engineering: Kubernetes, Docker, Ansible, Terraform, Flux, Kustomize

CI/CD: GitHub Actions, GitLab CI

Databases: Redis, PostgreSQL, DynamoDB
